# Course description – Program

This two-day hands-on workshop on fresh frozen human anatomical specimens is an integral part of the EACMFS Postgraduate Programme in Head and Neck Surgery: Facial Plastic Surgery (2024). The course provides a comprehensive overview of cosmetic and reconstructive techniques, with each session beginning with an introduction and then progressing to a hands-on demonstration. Participants will be divided into groups of two, each group working with one specimen station. Under the guidance of experienced surgeons, attendees will have the opportunity to practice the procedures and gain valuable insights, tips, and tricks.

## Friday

25 October 2024

Start	End	Title	Faculty	Minutes
08:30	09:00	Registration		30
